GRADUATE STUDENT GOVERNMENT ASSOCIATION

SPONSORSHIP PACKAGE 2019-2020
Fostering connections that help match Georgia Tech’s talented graduate students with your organizations, is one of our primary focuses as leaders of the Graduate Student Government Association (Grad SGA). But, we need your help to make it happen.

Tech is home to more than 13,000 graduate students who hail from more than 100 countries. In 2020 U.S. News & World Report ranked our university the #4 Most Innovative School and #5 for co-op and internship programs. Our community of graduate students are creating the next when it comes to the workforce — whether it’s here in Georgia or on a global level.

The purpose of Graduate SGA is to advocate for the needs of this growing population of students. We represent the graduate student body in all matters concerning academics, welfare, administration, social activities, and work with Tech to promote greater recognition of graduate education on and off campus.

Throughout the year, Grad SGA hosts a variety of events and programs to help students develop on a personal and professional level including Picnics and Grad Chats. One of our signature events is the Career, Research, and Innovation Development Conference (CRIDC), which features panels, workshops, competitions, and a graduate student-only career fair. All of these opportunities work together to prepare our graduate students to be well-rounded and successful members of the workforce.

As a student organization, our budget is limited. In this brochure, we offer several options for you to contribute to our efforts. Any financial support you can offer is appreciated and will help us continue to offer the type of programming that will develop our students into the kind of shooting star employees that you want working alongside you as colleagues.

Thank you for your consideration and support of Tech graduate students!

In progress and service,

Narayan Shirolkar
Graduate SGA President

Aroua Gharbi
Graduate SGA Executive Vice President

Our Initiatives

**CRIDC**
The Career, Research, and Innovation Development Conference (CRIDC) is a student-led conference featuring panels, workshops, competitions, and a grad-only career fair to provide a unique opportunity for the professional development of graduate students at Tech. CRIDC celebrates its 10th anniversary in Spring 2020.

**Fall & Spring Picnic**
The picnics are avenues for students to get to know one another and build a sense of community. Fall Picnic, an annual tradition is a part of the Graduate Student Welcome Event and Spring Picnic is hosted during Grad Appreciation Week.

**Grad Gala**
This academic year, we are thrilled to announce our first-ever formal, the Grad Gala, to be tentatively held in the first week of March 2020. This will be a unique way for our graduate students to celebrate their accomplishments and will serve as a new tradition where students come together to create everlasting memories of their journey at Tech.

**Wellness Initiatives**
We are instrumental in spearheading initiatives including: Grad Chats, a supportive peer-facilitated space to help graduate students successfully navigate school; the inaugural Graduate Leaders’ Summit, a networking platform for the student leaders to forge partnerships; and Illuminate Tech, a series of talks envisioned to inspire, motivate and transform the Tech student community.
