How to access Microsoft Teams

1. In order to access Teams via a web browser, you will need to first go to https://teams.microsoft.com. Be sure to log out of a Microsoft Team from your previous institution or any other account.

2. On the sign-in page, enter your username in the form of gburdell3@gatech.edu. Note that your username is the first letter of your first name, your last name, and a number, plus @gatech.edu. You will then be redirected to the GT login page where you login with your usual credentials.

3. If you do not have a Georgia Tech account or forgot your login information, visit https://passport.gatech.edu/
